Suspension Agreement

As discussed above under "Case History," on March 7, 2003, the GOV submitted a proposed suspension agreement in accordance with the Department's regulations at 19 CFR 351.208. The Department and the GOV engaged in lengthy, intensive discussions regarding a possible suspension agreement, and both sides

[[Page 37119]]

made multiple settlement offers. However, we were unable to reach an agreement that fulfilled the Department's statutory requirements.

Scope of the Investigation

The Department has clarified the scope for purposes of the final determination to read as follows:

For purposes of this investigation, the product covered is frozen fish fillets, including regular, shank, and strip fillets and portions thereof, whether or not breaded or marinated, of the species *Pangasius Bocourti*, *Pangasius Hypophthalmus* (also known as *Pangasius Pangasius*), and *Pangasius Micronemus*. Frozen fish fillets are lengthwise cuts of whole fish. The fillet products covered by the scope include boneless fillets with the belly flap intact ("regular" fillets), boneless fillets with the belly flap removed ("shank" fillets), boneless shank fillets cut into strips ("fillet strips/finger"), which include fillets cut into strips, chunks, blocks, skewers, or any other shape. Specifically excluded from the scope are frozen whole fish (whether or not dressed), frozen steaks, and frozen belly-flap nuggets. Frozen whole dressed fish are deheaded, skinned, and eviscerated. Steaks are bone-in, cross-section cuts of dressed fish. Nuggets are the belly-flaps.

The subject merchandise will be hereinafter referred to as frozen "basa" and "tra" fillets, which are the Vietnamese common names for

these species of fish. These products are classifiable under tariff article codes 0304.20.60.30 (Frozen Catfish Fillets), 0304.20.60.96 (Frozen Fish Fillets, NESOI), 0304.20.60.43 (Frozen Freshwater Fish Fillets) and 0304.20.60.57 (Frozen Sole Fillets) of the Harmonized Tariff Schedule of the United States ("HTSUS"). This investigation covers all frozen fish fillets meeting the above specification, regardless of tariff classification. Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this proceeding is dispositive.

Period of Investigation

The period of investigation ("POI") is October 1, 2001 through March 31, 2002. This period corresponds to the two most recent fiscal quarters prior to the month of the filing of the Petition (June 28, 2001). See Section 351.204(b)(1) of the Department's regulations.

Analysis of Comments Received

All issues raised in the case brief by parties to this investigation are addressed in detail in the Memorandum to Joseph A. Spetrini, Acting Assistant Secretary for Import Administration, from Barbara E. Tillman, Acting Deputy Assistant Secretary for Import Administration, Group III, Issues and Decision Memorandum for the Antidumping Duty Investigation of Certain Frozen Fish Fillets from the Socialist Republic of Vietnam, (June 16, 2003), ("Final Decision Memorandum"), which is hereby adopted by this notice. A list of the issues which parties raised, and to which we have responded, all of which are in the Final Decision Memorandum, is attached to this notice as an Appendix. Parties can find a complete discussion of all issues raised in this investigation and the corresponding recommendations in this public memorandum, which is on file in B-099. In addition, a complete version of the Final Decision Memorandum can be accessed directly on the World Wide Web at <http://ia.ita.doc.gov/frn/>. The paper copy and electronic version of the Final Decision Memorandum are identical in content.

Nonmarket Economy Country Status

On November 8, 2002, the Department determined under section 771(18)(A) of the Act, after analyzing comments from interested parties, that based on the preponderance of evidence on the record related to economic reforms in Vietnam to date, analyzed as required under section 771(18)(B) of the Act, that Vietnam should be treated as a non-market economy country under the U.S. antidumping law, effective July 1, 2001. See Memorandum for Faryar Shirzad, Assistant Secretary,

Import Administration from Shauna Lee-Alaia, George Smolik, Athanasios Mihalakas and Lawrence Norton, Office of Policy through Albert Hsu, Senior Economist, Office of Policy, Import Administration, Jeffrey May, Director, Office of Policy, Import Administration, Antidumping Duty Investigation of Certain Frozen Fish Fillets from the Socialist Republic of Vietnam: Determination of Market Economy Status ("Market Status Memo"), dated November 8, 2002.

A designation as a non-market economy remains in effect until it is revoked by the Department (see section 771(18)(C) of the Act).

Separate Rates

In our Preliminary Determination, we found that the Mandatory Respondents and all Voluntary Section A Respondents, including Vinh Long, met the criteria for the application of separate, company-specific antidumping duty rates. For purposes of the final determination, we continue to grant separate, company-specific rates to the eleven exporters which sold certain frozen fish fillets to the United States during the POI. For a complete discussion of the Department's determination that the Respondents, including Vinh Long, are entitled to a separate rate, please see the Final Decision Memorandum at Comments 5 and 6.

Critical Circumstances

Based on new information on the record of this investigation and information provided in our preliminary affirmative critical circumstances determinations, we have determined for purposes of the final determination, that critical circumstances exist for Nam Viet, Afiex, Cafatex, QVD, Da Nang, and the Vietnam-wide entity. For further details, see the Notice of Affirmative Preliminary Determination of Critical Circumstances for Voluntary Section A Respondents: Certain Frozen Fish Fillets From the Socialist Republic of Vietnam 68 FR 31681 (May 28, 2003), the Notice of Preliminary Determination of Sales at Less Than Fair Value, Affirmative Preliminary Determination of Critical Circumstances and Postponement of Final Determination: Certain Frozen Fish Fillets From the Socialist Republic of Vietnam, 68 FR 4986, (January 31, 2003), and the Final Decision Memorandum at Comment 7.

Additionally, because we have determined that Vinh Long had sales of subject merchandise during the POI and merits a separate rate, we must therefore, conduct a critical circumstances analysis for Vinh Long. We have found that critical circumstances exist for Vinh Long. For a more detailed discussion, please see the Final Decision Memorandum at Comment 6.

Vietnam-Wide Rate

All exporters and the GOV were given an opportunity to provide information showing they qualify for separate rates. Consequently, we are applying a single antidumping rate the Vietnam-wide rate to all producers/exporters that failed to respond to the Department's Q&V questionnaire and demonstrate entitlement to a separate rate. See, e.g., Notice of Final Determination of Sales at Less Than Fair Value: Synthetic Indigo from the People's Republic of China, 65 FR 25706, 25707 (May 3, 2000). The Vietnam-wide rate applies to all entries of the merchandise under investigation except for entries from Agifish, Vinh Hoan, Nam Viet, CATACO, Afifex, Cafatex, Da Nang, Mekonimex, QVD, Viet Hai and Vinh Long.

[[Page 37120]]

For the reasons set forth in the Preliminary Determination and reaffirmed in the Final Decision Memorandum at Comment 8, we continue to find that the use of adverse facts available for the Vietnam-wide rate is appropriate. As adverse facts available, the Vietnam-wide rate is not intended to be a reflection of the antidumping duty margins applied as separate rates to the respondent companies. Consistent with our Preliminary Determination and with previous cases in which the respondent is considered uncooperative, as adverse facts available, we have applied a rate of 63.88 percent, the highest rate calculated in the initiation stage of the investigation from information provided in the petition (as adjusted by the Department). See, e.g., Notice of Preliminary Determination of Sales at Less Than Fair Value: Stainless Steel Wire Rod From Germany, 63 FR 10847 (March 5, 1998). The information used to calculate this Vietnam-wide rate was corroborated independently with some small changes in accordance with Section 776(c) of the Act. See Memorandum to Edward C. Yang, Director, Office IX from Alex Villanueva, Case Analyst through James C. Doyle, Program Manager, Preliminary Determination in the Investigation of Certain Frozen Fish Fillets from Vietnam, Corroboration Memorandum ("Corroboration Memo"), dated January 24, 2003.

Surrogate Country

For purposes of the final determination, we continue to find that Bangladesh is the appropriate primary surrogate country. For further discussion and analysis regarding the surrogate country selection, see the Department's Preliminary Determination.

Verification

As provided in section 782(i) of the Act, we verified the

information submitted by each respondent for use in our final determination. We used standard verification procedures including examination of relevant accounting and production records, and original source documents provided by the Respondents. For company-specific changes from the Amended Preliminary Determination as a result of verification, see Memorandum to the File, from Alex Villanueva, Case Analyst, Final Analysis Memorandum for Agifish April 11, 2003 ("Final Analysis Memo for Agifish"), Memorandum to the File, from Joe Welton, Case Analyst, Final Analysis Memorandum for Nam Viet April 11, 2003 ("Final Analysis Memo for Nam Viet"), Memorandum to the File, from Lisa Shishido, Case Analyst, Final Analysis Memorandum for Vinh Hoan April 10, 2003 ("Final Analysis Memo for Vinh Hoan"), Memorandum to the File, from Paul Walker, Case Analyst, Final Analysis Memorandum for CATACO April 10, 2003 ("Final Analysis Memo for CATACO").

Facts Available

For purposes of this final determination, we have determined that the use of facts available is appropriate for certain elements of the Respondents' dumping margin calculations. Section 776(a)(2) of the Act provides that if an interested party: (A) withholds information that has been requested by the Department; (B) fails to provide such information in a timely manner or in the form or manner requested, subject to subsections 782(c)(1) and (e) of the Act; (C) significantly impedes a determination under the antidumping statute; or (D) provides such information but the information cannot be verified, the Department shall, subject to subsection 782(d) of the Act, use facts otherwise available in reaching the applicable determination. For a further discussion of the facts available applied to the Respondents, please see the Final Decision Memorandum at Comments 2 and 12.

Changes Since the Preliminary Determination

Based on our findings at verification, additional information placed on the record of this investigation, and analysis of comments received, we have made adjustments to the calculation methodology in calculating the final dumping margin in this proceeding. For discussions of the company-specific changes made since the preliminary determination to the final margin programs, see Final Analysis Memo for Agifish, Final Analysis Memo for Nam Viet, Final Analysis Memo for Vinh Hoan, and Final Analysis Memo for CATACO.

Margins for Cooperative Exporters Not Selected

For those exporters who responded to Section A of the Department's antidumping questionnaire and had sales of the merchandise under

investigation, but were not selected as Mandatory Respondents in this investigation, the Department has calculated a weighted-average margin based on the rates calculated for those exporters that were selected to respond in this investigation, excluding any rates that are zero, de minimis or based entirely on adverse facts available. Companies receiving this rate are identified by name in the "Suspension of Liquidation" section of this notice. See Notice of Preliminary Determination of Sales at Less Than Fair Value: Honey from the People's Republic of China, 64 FR 24101 (May 11, 2001). For further discussion, see the Preliminary Determination.

Surrogate Values

The Department made changes to the surrogate values used to calculate the normal value from the Preliminary Determination. For a complete discussion of the surrogate values, see Memorandum to the File from Lisa Shishido, Case Analyst through James C. Doyle, Program Manager and Edward C. Yang, Office Director, regarding Factor Valuations for the Final Determination ("Final Factor Value Memo"), dated June 16, 2003.

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, we are directing the U.S. Bureau of Customs and Border Protection ("Customs") to continue to suspend liquidation of all entries of subject merchandise from Vietnam, that are entered, or withdrawn from warehouse, for consumption on or after the date of publication of the Preliminary Determination for Agifish, CATACO, Vinh Hoan, Mekonimex, and Viet Hai. With respect to Nam Viet, QVD, Da Nang, Afiex, Cafatex, Vinh Long and all other Vietnam exporters, the Department will direct Customs to suspend liquidation of all entries of certain frozen fish fillets from Vietnam that are entered, or withdrawn from warehouse, on or after 90 days before the date of publication of the Preliminary Determination. Customs shall continue to require a cash deposit or posting of a bond equal to the estimated amount by which the normal value exceeds the U.S. price as shown below. This suspension of liquidation instructions will remain in effect until further notice.

Final Determination

We determine that the following weighted-average dumping margins exist for the period October 1, 2001 through March 30, 2002:

requested. Failure to comply with the terms of an APO is a sanctionable violation. This determination is issued and published in accordance with sections 735 (d) and 777(i)(1) of the Act.

Dated: June 16, 2003.
