MEDIA RELEASE

PRELIMINARY DETERMINATION OF THE ANTI-DUMPING INVESTIGATION CONCERNING IMPORTS OF COLD ROLLED STAINLESS STEEL ORIGINATING OR EXPORTED FROM THE REPUBLIC OF INDONESIA AND THE SOCIALIST REPUBLIC OF VIET NAM

The Government of Malaysia has completed the preliminary determination of the anti-dumping investigation concerning imports of cold rolled stainless steel in coils, sheets or any other form (subject merchandise) originating or exported from the Republic of Indonesia and the Socialist Republic of Viet Nam as provided under Section 23 of the Countervailing and Anti-Dumping Duties Act 1993 (the Act).

The Government has found that there are sufficient evidences to continue with further investigation on the importation of subject merchandise from the alleged countries. The Government therefore has decided to impose a provisional measure, which shall be in the form of provisional anti-dumping duties guaranteed by a security equivalent to the amount of the dumping margins determined in the preliminary determination. Provisional anti-dumping duties ranging from 7.73% to 34.82% will be applied on imports of subject merchandise from the alleged countries and shall be effective not more than 120 days from 26 December 2020.

The Government of Malaysia initiated the anti-dumping investigation on 28 July 2020 in accordance with the Act and Countervailing and Anti-Dumping Duties Regulation 1994 based on a petition filed by Bahru Stainless Sdn. Bhd. (the Petitioner) as the sole domestic industry producing the like product. The Petitioner has claimed that imports of subject merchandise originating or exported from the alleged countries are being imported into Malaysia at a price lower than the selling price in their domestic market and caused material injury to the domestic industry in Malaysia.
