## **SUPPLEMENTARY INFORMATION:**

**Background.**--On January 23, 2018, the President, pursuant to section 203 of the Trade Act of 1974 (19 U.S.C. 2253) (Trade Act), issued Proclamation 9693, imposing a safeguard measure on imports of CSPV products, in the form of (a) a tariff-rate quota on imports of solar cells not partially or fully assembled into other products and (b) an increase in duties on imports of modules. The proclamation was published in the *Federal Register* on January 25, 2018 (83 FR 3541). The measure took effect on February 7, 2018, for a period of four years, or through February 7, 2022. The President imposed the measure following receipt of a report from the Commission in November 2017 under section 202 of the Trade Act (19 U.S.C. 2252) that contained an affirmative determination, remedy recommendations, and certain additional findings (see Crystalline Silicon Photovoltaic Cells (Whether or not Partially or Fully Assembled into Other Products), Investigation No. TA-201-75, USITC Publication 4739, November 2017).

On February 7, 2020, the Commission issued its report, pursuant to section 204(a)(2) of the Trade Act (19 U.S.C. 2254(a)(2)), on the results of its monitoring of developments with respect to the domestic solar industry (see Crystalline Silicon Photovoltaic Cells, Whether or Not Partially or Fully Assembled Into Other Products: Monitoring Developments in the Domestic Industry, Investigation No. TA-201-075 (Monitoring), USITC Publication 5021, February 2020). On March 6, 2020, the Commission issued an additional report pursuant to a request from the United States Trade Representative under section 204(a)(4) of the Trade Act (19 U.S.C. 2254(a)(4)), regarding the probable economic effect on the domestic CSPV cell and module manufacturing industry of modifying the safeguard measure (see Crystalline Silicon Photovoltaic Cells, Whether or Not Partially or Fully Assembled Into Other Products: Advice on the Probable Economic Effect of Certain Modifications to the Safeguard Measure, No. TA-201-075 (Modification), USITC Publication 5032, March 2020). Subsequently, the President issued Proclamation 10101, determining that the domestic industry had begun to make a positive adjustment to import competition and modifying in part the action applicable to imports covered by the safeguard measure (85 FR 65639, October 16, 2020).

On December 8, 2021, in response to a petition seeking extension of the safeguard measure filed on behalf of Auxin Solar Inc. and Suniva and a petition filed on behalf of Hanwha Q CELLS USA, Inc., LG Electronics USA, Inc., and Mission Solar Energy LLC, the Commission issued its determination and report pursuant to section 204(c) of the Act (19 U.S.C. 2254(c)), finding that the safeguard measure continued to be necessary to prevent or remedy the serious injury to the domestic industry, and that there was evidence that the domestic industry was making a positive adjustment to import competition (see Crystalline Silicon Photovoltaic Cells

(Whether or not Partially or Fully Assembled into Other Products): Extension of Action, Investigation No. TA-201-075 (Extension), USITC Publication 5266, December 2021). On February 4, 2022, the President issued Proclamation 10339 (87 FR 7357, February 9, 2022), pursuant to section 203(e)(1)(B) of the Act (19.U.S.C. 2253(e)(1)(B)), extending the safeguard measure on CSPV and parts thereof for an additional period of four years, or through February 6, 2026.

Section 204(a)(1) of the Trade Act (19 U.S.C. 2254(a)(1)) requires the Commission to monitor developments with respect to the domestic industry, including the progress and specific efforts made by workers and firms in the domestic industry to make a positive adjustment to import competition, as long as any action under section 203 of the Trade Act remains in effect. Whenever the initial period of such an action exceeds 3 years, or if an extension of such action exceeds 3 years, section 204(a)(2) requires the Commission to submit a report on the results of the monitoring to the President and the Congress no later than the mid-point of the initial period of the relief, and of each such extension, during which the action is in effect – in this case by February 6, 2024. Section 204(a)(3) requires the Commission to hold a hearing in the course of preparing such a report.

For further information concerning the conduct of this investigation, hearing procedures, and rules of general application, consult the Commission’s Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 206, subparts A and F (19 CFR part 206).

Appendix 3; or (ii) by U.S. government employees and contract personnel for cybersecurity purposes.

The Commission will not release information which the Commission considers to be CBI unless the party submitting the CBI had notice, at the time of submission, that such information would be released by the Commission, or such party subsequently consents to the release of the information. The Commission will not otherwise disclose any CBI in a manner that would reveal the operations of the firm supplying the information.
