Stainless Steel Sheet and Strip From the People’s Republic of China: Preliminary Scope Ruling and Preliminary Affirmative Determination of Circumvention for Exports From the Socialist Republic of Vietnam

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that certain stainless steel sheet and strip (SSSS) of Chinese-origin that has undergone further processing in the Socialist Republic of Vietnam (Vietnam) is merchandise covered by the scope of the antidumping duty (AD) and countervailing duty (CVD) orders on SSSS from the People’s Republic of China (China). Additionally, Commerce preliminarily determines that SSSS that is completed in Vietnam using certain non-subject stainless steel flat-rolled inputs sourced from China, is circumventing the AD/CVD orders on SSSS from China. As a result, SSSS of Chinese-origin that has undergone further processing or completion in Vietnam will be subject to suspension of liquidation effective May 15, 2020. We invite interested parties to comment on these preliminary determinations.

DATES: Applicable September 15, 2022.

SUPPLEMENTARY INFORMATION:**Background**

On May 15, 2020, Commerce published in the **Federal Register** its self-initiation of country-wide circumvention and scope inquiries of the AD and CVD orders on SSSS from China¹ to determine if imports of SSSS

completed in Vietnam using certain non-subject stainless steel flat-rolled inputs² manufactured in China are circumventing the *Orders*, and to determine whether SSSS that is produced in China and undergoes further processing in Vietnam before being exported to the United States is subject to the *Orders*, respectively.³ In the *Initiation Notice*, Commerce self-initiated the circumvention inquiry based on available information and an analysis pursuant to section 781(b) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.225(h). Additionally, Commerce self-initiated the scope inquiry in accordance with its authority as outlined in 19 CFR 351.225(b).

For a complete description of the events that followed the initiation of these inquiries, see the Preliminary Decision Memorandum.⁴ A list of topics included in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, the Preliminary Decision Memorandum can be accessed directly at <https://>

People's Republic of China: Countervailing Duty Order, 82 FR 16166 (April 3, 2017) (*CVD Order*) (collectively, *Orders*).

² The term "certain non-subject stainless steel flat-rolled inputs" refers to stainless steel flat-rolled products that are not further worked than hot-rolled and/or of a thickness greater than 4.75 millimeters.

³ See *Stainless Steel Sheet and Strip from the People's Republic of China: Initiation of Anti-Circumvention and Scope Inquiries on the Antidumping Duty and Countervailing Duty Orders*, 85 FR 29401 (May 15, 2020) (*Initiation Notice*). On September 20, 2021, Commerce significantly revised its regulations pertaining to circumvention and scope inquiries, with an effective date of November 4, 2021. See *Regulations to Improve Administration and Enforcement of Antidumping and Countervailing Duty Laws*, 86 FR 52300 (September 20, 2021). The newly promulgated 19 CFR 351.226 applies to circumvention inquiries for which a circumvention request is filed, as well as any circumvention inquiry self-initiated by Commerce, on or after November 4, 2021. The amendments to 19 CFR 351.225 apply to scope inquiries for which a scope ruling application is filed, as well as any scope inquiry self-initiated by Commerce, on or after November 4, 2021. We note that these circumvention and scope inquiries were initiated prior to the effective date of the new regulations, and, thus, any reference to the regulations is to the prior version of the regulations.

Scope of the Orders

The product covered by the *Orders* is stainless steel sheet and strip. For a complete description of the scope of the *Orders*, see the Preliminary Decision Memorandum.

Merchandise Subject to the Circumvention Inquiry

This circumvention inquiry covers SSSS completed in Vietnam using certain non-subject stainless steel flat-rolled inputs of Chinese-origin that is subsequently exported from Vietnam to the United States.

Merchandise Subject to the Scope Inquiry

This scope inquiry covers SSSS of Chinese-origin that has undergone further processing in Vietnam (including but not limited to cold-rolling, annealing, tempering, polishing, aluminizing, coating, painting, varnishing, trimming, cutting, punching, and/or slitting, or any other processing that would not otherwise remove the merchandise from the scope of the *Orders*) that is subsequently exported to the United States.

Methodology

Commerce is conducting these scope and circumvention inquiries in accordance with section 781(b) of the Act. Because Vietnam and China⁵ are non-market economy countries, within the meaning of section 771(18) of the Act, Commerce has calculated the value of certain processing and merchandise using factors of production and market economy values, as discussed in section 773(c) of the Act. For a full description of the methodology underlying Commerce's preliminary determinations, see the Preliminary Decision Memorandum.

Preliminary Findings

As detailed in the Preliminary Decision Memorandum, we preliminarily determine, pursuant to 19 CFR 351.225(k)(1), that SSSS of

⁵ See *Antidumping Duty Investigation of Certain Aluminum Foil from the People's Republic of China: Affirmative Preliminary Determination of Sales at Less-Than-Fair Value and Postponement of Final Determination*, 82 FR 50858, 50861 (November 2, 2017) (citing Memorandum, "China's Status as a Non-Market Economy," dated October 26, 2017); see also *Certain Oil Country Tubular Goods from the Socialist Republic of Vietnam: Preliminary Results of Antidumping Duty Administrative Review*, 81 FR 24797 (October 14, 2016), unchanged in *Certain Oil Country Tubular Goods from the Socialist Republic of Vietnam: Final Results of Antidumping Duty Administrative Review; 2014–2015*, 82 FR 18611 (April 20, 2017).

Chinese-origin that has undergone further processing in Vietnam is covered by the scope of the *Orders*.

Additionally, pursuant to section 781(b) of the Act, we preliminarily determine that SSSS completed in Vietnam using certain non-subject stainless steel flat-rolled inputs of Chinese-origin is circumventing the *Orders*. In reaching these preliminary determinations, we relied on information placed on the record by a petitioner in the original investigation, Outokumpu Stainless USA LLC, and information placed on the record by POSCO VST Co., Ltd. (POSCO VST), POSCO Vietnam Processing Center Company Limited, and Silverwood (Hong Kong) Ltd.

Further, because Hoangvu Co., Ltd. and SK Networks Co., Ltd. did not cooperate to the best of their ability in responding to Commerce's requests for information, we have based parts of our preliminary determinations on the facts available, with adverse inferences, pursuant to sections 776(a) and (b) of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Suspension of Liquidation

As stated above, Commerce has made preliminary affirmative findings that SSSS of Chinese-origin that has undergone further processing in Vietnam is merchandise covered by the scope of the *Orders* and that SSSS completed in Vietnam using certain non-subject stainless steel flat-rolled inputs of Chinese-origin is merchandise circumventing the *Orders*. These affirmative in-scope and circumvention findings apply to SSSS that is subject to these determinations and produced and/or exported by any Vietnamese company. Therefore, in accordance with 19 CFR 351.225(l)(2), Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation and to require a cash deposit of estimated duties on unliquidated entries of SSSS produced in Vietnam from Chinese-sourced stainless steel flat-rolled inputs that were entered, or withdrawn from warehouse, for consumption on or after May 15, 2020, the date of publication of initiation of these circumvention and scope inquiries in the **Federal Register**.⁶

Where a Vietnamese company subject to these inquiries reports that the finished SSSS products that it has exported to the United States were produced by a specific Chinese supplier that has its own company-specific rate under the *Orders*, the cash deposit rate

⁶ See *Initiation Notice*.

will be the Chinese supplier's company-specific rate. Otherwise, Commerce will instruct CBP to require AD cash deposits equal to the current China-wide rate (*i.e.*, 58.04 percent) and CVD cash deposits equal to the current all-others rate (*i.e.*, 75.60 percent).⁷ The suspension of liquidation instructions will remain in effect until further notice.

SSSS that is further processed or completed in Vietnam from stainless steel flat-rolled inputs that are not of Chinese-origin is not subject to these inquiries. Therefore, cash deposits are not required for such merchandise subject to the following certification requirements.⁸

If an importer of SSSS from Vietnam claims that the SSSS was not produced using any stainless steel flat-rolled inputs of Chinese-origin, in order not to be subject to cash deposit requirements, the importer and exporter must meet the certification and documentation requirements described in Appendix II. An exporter of SSSS produced in Vietnam claiming that its SSSS was not produced using any stainless steel flat-rolled inputs of Chinese-origin must prepare and maintain an Exporter Certification and documentation supporting the Exporter Certification (*see* Appendix IV). In addition, importers of such SSSS must prepare and maintain an Importer Certification (*see* Appendix III) as well as documentation supporting the Importer Certification. In addition to the Importer Certification, the importer must also maintain a copy of the Exporter Certification (*see* Appendix IV) and relevant supporting documentation from its exporter of SSSS produced from stainless steel flat-rolled inputs that are not of Chinese-origin.

Verification

As provided in 19 CFR 351.307, Commerce intends to verify information relied upon in making its final determination.

Certification Requirements

If a company imports stainless steel sheet and strip (SSSS) from Vietnam and claims that the entry was not produced from Chinese-sourced stainless steel flat-rolled inputs and, thus, is not subject to the antidumping duty (AD) and countervailing duty (CVD) *Orders*¹⁶ on SSSS from China, then the importer is required to complete and maintain the Importer Certification attached hereto as Appendix III and retain all supporting documentation. The importer is further required to maintain a copy of the Exporter Certification, attached as Appendix IV, and retain all supporting documentation. The Importer Certification must be completed, signed, and dated by the time of filing of the entry summary for the relevant importation. Where the importer uses a broker to facilitate the entry process, it should obtain the entry number from the broker. Agents of the importer, such as

¹⁶ See *Stainless Steel Sheet and Strip from the People's Republic of China: Antidumping Duty Order*, 82 FR 16160 (April 3, 2017); *see also* *Stainless Steel Sheet and Strip from the People's Republic of China: Countervailing Duty Order*, 82 FR 16166 (April 3, 2017) (collectively, *Orders*).

⁷ See *AD Order*, 82 FR at 16162; and *CVD Order*, 82 FR at 16176.

⁸ See Appendix II for the certification requirements, and Appendixes III and IV for the Importer and Exporter Certifications, respectively.

brokers, however, are not permitted to make this certification on behalf of the importer.

All importers of SSSS from Vietnam are eligible for the certification process detailed below, with the exception that entries of SSSS produced and/or exported by Hoangvu Co., Ltd. and SK Networks Co., Ltd. are ineligible for certification.

The exporter is required to complete and maintain the Exporter Certification, attached as Appendix IV, and is further required to provide the importer a copy of that certification and all supporting documentation (e.g., invoice, purchase order, production records, etc.). The Exporter Certification must be completed, signed, and dated by the time of shipment of the relevant entries (except as noted below). The Exporter Certification should be completed by the party selling the subject merchandise manufactured in Vietnam to the United States.

The importer will not be required to submit the certifications or supporting documentation to U.S. Customs and Border Protection (CBP) as part of the entry process. However, the importer and exporter will be required to present the certifications, and supporting documentation, to the U.S. Department of Commerce (Commerce) and/or CBP, as applicable, upon request by the respective agency. Additionally, the claims made in the certifications and any supporting documentation are subject to verification by Commerce and/or CBP. The importer and exporter are required to maintain the certifications and supporting documentation for the later of: (1) a period of five years from the date of entry; or (2) a period of three years after the conclusion of any litigation in United States courts regarding such entries.

For SSSS exported from Vietnam that was produced using Chinese-sourced stainless steel flat-rolled inputs subject to this inquiry that has been found to be circumventing the AD/CVD *Orders* on SSSS from China, Commerce has established the following third-country case numbers in the Automated Commercial Environment (ACE): A-552-042 and C-552-043. For SSSS exported from Vietnam that is merchandise covered by the scope of the AD/CVD *Orders* on SSSS from China, where the country of origin does not change for CBP's reporting purposes, importers should report such entries under the case numbers for the *Orders* on SSSS from China: A-570-042 and C-570-043. For SSSS exported from Vietnam that is merchandise covered by the scope of the AD/CVD *Orders* on SSSS from China, where the country-of-origin changes for CBP's reporting purposes, importers should report such entries under the following third-country case numbers: A-552-042 and C-552-043.

If it is determined that the certification and/or documentation requirements in a certification have not been met, Commerce intends to instruct CBP to suspend, under the appropriate case numbers, either those established for the AD/CVD *Orders* on SSSS from China, A-570-042/C-570-043, or the third country case numbers, A-552-042/C-552-043, all unliquidated entries for which these requirements were not met and require the importer to post applicable AD and CVD cash deposits equal to the rates as

determined by Commerce. Entries suspended under A-570-042/C-570-043/A-552-042/C-552-043 will be liquidated pursuant to applicable administrative reviews of the *Orders* or through the automatic liquidation process.

For shipments and/or entries suspended pursuant to the preliminary determinations of these scope and circumvention inquiries that were shipped and/or entered, or withdrawn from warehouse, for consumption during the period on or after May 15, 2020 (the date of initiation of these scope and circumvention inquiries) through the date of publication of the preliminary determination in the **Federal Register**, for which certifications are required, importers and exporters should complete the required certification, as soon as practicable but not later than 45 days after the publication of the preliminary determinations in the **Federal Register**. Accordingly, where appropriate, the relevant bullet in the certification should be edited to reflect that the certification was completed within this time frame. Specifically, exporters should complete the language in Paragraph G in the Exporter Certification that reads: "The shipments/products referenced herein shipped before mm/dd/yyyy, the date on which Commerce published notice of its preliminary scope and circumvention findings in the **Federal Register**. This certification was completed on mm/dd/yyyy, within 45 days of the **Federal Register** notice publication." For such entries/shipments, importers and exporters each have the option to complete a blanket certification covering multiple entries/shipments, individual certifications for each entry/shipment, or a combination thereof. The Exporter Certifications should be maintained by both the importer and exporter and provided to CBP or Commerce only upon request by the respective agency. The exporter must provide the importer a copy of the Exporter Certification within 45 days of the publication of the preliminary determination in the **Federal Register**.

For shipments and/or entries suspended pursuant to the preliminary determinations of these scope and circumvention inquiries that were shipped and/or entered, or withdrawn from warehouse, for consumption within 30 days of the date of publication of the preliminary determination in the **Federal Register**, for which certifications are required, importers and exporters should complete the required certification, as soon as practicable but not later than 45 days after the publication of the preliminary determinations in the **Federal Register**. Accordingly, where appropriate, the relevant bullet in the certification should be edited to reflect that the certification was completed within this time frame. Specifically, exporters should complete the language in Paragraph G in the Exporter Certification that reads: "The shipments/products referenced herein shipped on mm/dd/yyyy. This certification was completed on mm/dd/yyyy, within 45 days of the date on which Commerce published its preliminary scope and circumvention findings in the **Federal Register**." For such entries/shipments, importers and exporters each have the option to complete a blanket certification covering

multiple entries/shipments, individual certifications for each entry/shipment, or a combination thereof. The Exporter Certifications should be maintained by both the importer and exporter and provided to CBP or Commerce only upon request by the respective agency. The exporter must provide the importer a copy of the Exporter Certification within 45 days of the publication of the preliminary determination in the **Federal Register**.

For shipments and/or entries after 30 days from the date of publication of the preliminary determination in the **Federal Register**, for which certifications are required, importers and exporters should complete the required certification at or prior to the date of entry summary and exporters should complete the required certification and provide it to the importer at or prior to the date of shipment. Specifically, exporters should complete the language in Paragraph G in the Exporter Certification that reads: "I understand that {EXPORTING COMPANY} must provide this Exporter Certification to the U.S. importer by the time of shipment."

For unliquidated entries (and entries for which liquidation has not become final) of merchandise entered as non-AD/CVD type entries (e.g., type 01) that were shipped and/or entered, or withdrawn from warehouse, for consumption in the United States during the period, May 15, 2020 (the date of initiation of these scope and circumvention inquiries) through the date of publication of the preliminary determination in the **Federal Register**, that is merchandise covered by the scope of the AD/CVD *Orders* or was produced using Chinese-sourced stainless steel flat-rolled inputs subject to this inquiry that have been found to be circumventing the AD/CVD *Orders*, importers should file a Post Summary Correction with CBP, in accordance with CBP's regulations, regarding conversion of such entries from non-AD/CVD type entries to AD/CVD type entries (e.g., type 01 to type 03). For such shipments, the Exporter Certifications should be completed as soon as practicable, but not later than 45 days after publication of the preliminary determination in the **Federal Register**. Importers should report those AD/CVD type entries of merchandise that is covered by the scope of the AD/CVD *Orders*, under the case numbers for the *Orders* on SSSS from China, A-570-042/C-570-043, or A-552-042/C-552-043, as appropriate. Importers should report those AD/CVD type entries that were produced using Chinese-sourced stainless steel flat-rolled inputs subject to this inquiry that have been found to be circumventing the AD/CVD *Orders*, using the third-country case numbers, A-552-042/C-552-043. Similarly, the importer should pay cash deposits on those entries consistent with the regulations governing post summary corrections that require payment of additional duties.

Importer Certification

I hereby certify that:

A. My name is {IMPORTING COMPANY OFFICIAL'S NAME} and I am an official of {IMPORTING COMPANY}, located at {ADDRESS OF IMPORTING COMPANY};

B. I have direct personal knowledge of the facts regarding the importation into the Customs territory of the United States of the stainless steel sheet and strip (SSSS) produced in Vietnam that entered under entry summary number(s), identified below, and are covered by this certification. "Direct personal knowledge" refers to facts the certifying party is expected to have in its own records. For example, the importer should have "direct personal knowledge" of the importation of the product (e.g., the name of the exporter) in its records;

C. I have personal knowledge of the facts regarding the production of the imported products covered by this certification. "Personal knowledge" includes facts obtained from another party, (e.g., correspondence received by the importer (or exporter) from the producer regarding the source of the SSSS inputs used to produce the imported products);

D. This certification applies to the following entries (repeat this block as many times as necessary):

Entry Summary #:
Entry Summary Line Item #:
Foreign Seller:

F. The SSSS covered by this certification does not contain stainless steel flat-rolled inputs produced in the People's Republic of China (China);

G. I understand that {IMPORTING COMPANY} is required to maintain a copy of this certification and sufficient documentation supporting this certification (i.e., documents maintained in the normal course of business, or documents obtained by the certifying party, for example, certificates of origin, product data sheets, mill test reports, productions records, invoices, etc.) for the later of (1) a period of five years from the date of entry or (2) a period of three years after the conclusion of any litigation in the United States courts regarding such entries;

L. I understand that failure to maintain the required certification and supporting documentation and/or failure to substantiate the claims made herein and/or failure to allow CBP and/or Commerce to verify the claims made herein, may result in a *de facto* determination that all entries to which this certification applies are within the scope of the antidumping duty (AD) and countervailing duty (CVD) orders on SSSS from China. I understand that such finding will result in:

- suspension of liquidation of all unliquidated entries (and entries for which liquidation has not become final) for which these requirements were not met;
- the requirement that the importer post applicable AD and/or CVD cash deposits (as appropriate) equal to the rates determined by Commerce; and

SUMMARY: The U.S. Department of Commerce (Commerce) is postponing the deadline for issuing the final determination in the less-than-fair-value (LTFV) investigation of certain lemon juice (lemon juice) from the Republic of South Africa (South Africa) until December 19, 2022, and is extending the provisional measures from a four-month period to a period of not more than six months.

DATES: Applicable September 15, 2022.

SUPPLEMENTARY INFORMATION:

Background

Commerce initiated this investigation on January 19, 2022.¹ The period of investigation is October 1, 2020, through September 30, 2021. On August 4, 2022,

Commerce published its *Preliminary Determination*.²

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.210(b)(2) provide that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters or producers who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. Further, 19 CFR 351.210(e)(2) requires that a request by exporters for postponement of the final determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months, in accordance with section 733(d) of the Act.

On September 1, 2022, pursuant to 19 CFR 351.210(e), mandatory respondents Cape Fruit Processors (Pty) Ltd. (Cape Fruit) and Granor Passi (Pty). Ltd. (Granor Passi) requested that Commerce postpone the deadline for the final determination until no later than 135 days from the publication of the *Preliminary Determination*, and that provisional measures be extended to a period not to exceed six months.³ In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) the *Preliminary Determination* is affirmative; (2) the requesting exporters account for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination until no later than 135 days after the date of the publication of the *Preliminary Determination*, and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, Commerce will issue its final determination no later than December 19, 2022.⁴

⁴ The actual deadline falls on December 17, 2022, which is a Saturday. Commerce's practice dictates that where a deadline falls on a weekend or Federal holiday, the appropriate deadline is the next business day. See *Notice of Clarification*:

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Elkhorn Slough Tidal Marsh Restoration Project, Phase III in Monterey County, California

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of incidental harassment authorization.

SUMMARY: NMFS has received a request from the California Department of Fish and Wildlife (CDFW) for the re-issuance of a previously issued incidental harassment authorization (IHA) with the only change being effective dates. The initial IHA authorized take of Pacific harbor seals (*Phoca vitulina*), by Level B harassment only, incidental to the Elkhorn Slough Restoration Project, Phase III, at the Seal Bend Restoration Area in Monterey County, CA. The project has been delayed and none of the work covered in the initial IHA has been conducted. The initial IHA was effective from September 16, 2021, through September 15, 2022. CDFW has requested re-issuance with new effective dates of September 16, 2022, through September 15, 2023. The scope of the activities and anticipated effects remain the same, authorized take numbers are not changed, and the required mitigation, monitoring, and reporting remains the same as included in the initial IHA. NMFS is, therefore, issuing a second identical IHA to cover the incidental take analyzed and authorized in the initial IHA.

DATES: This authorization is effective from September 16, 2022, through September 15, 2023.

Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to Tariff Act of 1930, as Amended, 70 FR 24533 (May 10, 2005).
